## BOOK SYNOPSIS

Cassia has always trusted the Society to make the right choices for her: what to read, what to watch, what to believe. So when Xanders face appears on-screen at her Matching ceremony, Cassia knows with complete certainty that he is her ideal mate . . . until she sees Ky Markhams face flash for an instant before the screen fades to black. The Society tells her its a glitch, a rare malfunction, and that she should focus on the happy life shes destined to lead with Xander. But Cassia cant stop thinking about Ky, and as they slowly fall in love, Cassia begins to doubt the Societys infallibility and is faced with an impossible choice: between Xander and Ky, between the only life shes known and a path that no one else has dared to follow.
