BOOK SYNOPSIS

The dream was always the same ... the scaffold before me, my aunts head on the block. I stared on in horror as the sword sliced the head from her swan-like neck. The executioner raised her severed head into the air by its long chestnut locks. The last thing I remembered before my world turned black was my own scream. Fifteen year-old Catherine Carey has been dreaming the same dream for three years, since the bloody execution of her aunt Queen Anne Boleyn. Her only comfort is that she and her family are safe in Calais, away from the intrigues of Henry VIII's court. But now Catherine has been chosen to serve Henry VIII's new wife, Queen Anne of Cleves. Just before she sets off for Calais, she learns the family secret: the true identity of her father, a man she considers to be a monster and a man she will shortly meet. This compelling novel tells the life story of a woman who survived being close to the crown and who became one of Queen Elizabeth I's closest confidantes.
